

Sails Software Solutions

We steer to coach, code, and conquer.

Sails Software Solutions is an ISO 27001 certified Company, which started its journey in May 2015 with a group of 7 passionate individuals and has now over 150 employees. Join our team of unmatched talent to learn and work on SaaS Development, Cloud Microservices, DevOps, Big Data, and Analytical Services and be a part of our coveted product development team.

Experience the thrill of working with our clients from the US and the UK, spread across Pharma, Banking, and HCM domains as we provide our expertise in developing Enterprise Development, Digital Transformation, Human Capital Management Solutions, and Cloud Transformation Solutions. Some of the niche technologies that we get our hands dirty with include Laravel, ReactJS, React-Native, Angular, .Net, Java, Elasticsearch, Mongo, Hadoop, Databricks, AWS, Azure, Docker, Kubernetes.

Life @ Sails

Work hard and play hard - we aim to go a long way with our crew while ensuring each one gets an opportunity to enjoy every moment spent here. Technical and soft skills training, CSR and other team building activities are some of the many ways that help us keep track of the pulse of all the employees regularly.

We welcome you to be a part of a family which embraces, trusts and recognizes every Sail'r.

As a proud partner to Microsoft Silver and Google Cloud, we aim to achieve much more in the near future.
